**Subject:** Microsoft Settlement II

I also forgot to mention that I honestly believe the economic boom of the 90's had more to do with a universal windows platform on which technologies could build and compete with products than either the President or Congress, Democrats or Republicans. The government's suit on Microsoft may have also had a minor effect on the already declining profitability of tech companies' (I'm sure it didn't cause it, but it certainly did not help).

Victor Pap III  
Press Secretary/Legislative Aide

Representative George N. Peterson, Jr.  
House Minority Whip  
State House, Room 124  
Boston, MA 02133
